

## Potential Governor Pen Portrait – Joy Kent

I am very excited to be joining the LGB at Rushmere Primary School, I know that the whole team at Rushmere is dedicated to achieving the best possible outcomes for every child at this important stage in their education.

Particular interests are development of outdoor learning and extra-curricular activities which will build confidence and broaden the horizons of all our youngsters.

My background is in HR, many years in education but I also have experience in manufacturing, housing and the Citizens Advice Service, so I hope that I can bring a range of skills and experience to the service of the school.

I am an obsessive cyclist and like nothing more than being active, particularly outdoors.
