

Pen Portrait – Iain Rogers

I joined the Rushmere Hall Governing Body for the following reasons:

As a secondary Science teacher, I would like to learn more about curriculum and assessment in the Primary phase.

I currently work for a Multi Academy Trust and as such, we have no governing body. For my own professional development, I would like to experience how a Governing Body is run and how it supports the school.

My daughter is in Year One at Rushmere and so I have an interest in the quality of teaching and learning and outcomes at Rushmere Hall and I would like to bring my experience to support the continuing improvement of these.

Skills I bring to the Governing Body:

Excellent Science subject knowledge (MSc/PhD) which I would be happy to share!

Excellent practical science skills and knowledge of health and safety

Knowledge of KS3-5 Science curriculum

Experience in leading and monitoring teaching and learning, informed by current educational research

Familiar with different types of assessment and confident interpreting educational data

Good relationships with children and colleagues!
